Dear National Alumni Associations,

Thank you so much for awarding me the 2010-2011 Shelby County Chapter Endowed Scholarship. For as long as I can remember, I've always wanted to go to the University of Alabama and this scholarship is helping to make my dream come true. While I'm attending the University, I will be taking classes at the College of Arts and Science and majoring in biology to help me acquire a job in the medical field.

I was born and raised in Helena Alabama where I've attended Pelham High School for the past 4 years. I was a Valedictorian of my graduating class, Vice President of the National Honor Society, a member of the National English Honor Society, the National Spanish Honor Society, and Student Ambassadors. I was also an active member of the Junioresettes, a community service organization at my school. I also managed to be a starter for my school's varsity softball team for all 4 years of my high school career.

My plans for after graduating college are to be accepted to UAB to take classes that will help me become either a laboratory technician or a pharmacist for a major hospital. This scholarship will greatly help my family financially since I have an older sister who is also going through college at the same time that I am. Thank you once again for presenting me with this scholarship.

Sincerely,

Emily Sharman

P.S. Roll Tide!!
